Akerman is pleased to sponsor the 2026 City of Hialeah Mayor's Gala on December 12 at Hialeah Park. The signature community event will convene civic leaders, business partners, and community supporters while raising funds for the City of Hialeah's Special Populations Program.

Attendees are invited to connect and network with Akerman attorneys across the firm's real estate, land use, and development practices and engage with members of South Florida's business, development, and civic communities.

Proceeds from the evening will support programs, resources, and opportunities for adults with developmental disabilities and their families throughout Hialeah.
