Akerman Named a Top 50 Construction Law Firm by *Construction Executive*

June 6, 2022

Top 100 U.S. law firm Akerman LLP was selected by *Construction Executive* magazine as a Top 50 Construction Law Firm in its 2022 edition.

“We are grateful for our clients who put their trust in Akerman and enable our national team to play a pivotal part in their construction initiatives and infrastructure projects. This recognition and our continued growth would not be possible without them,” said Jeffrey Gilmore, chair of the Construction Practice.

Now in its 20th year of publication, *Construction Executive* is the leading trade magazine about the business of construction. To determine the ranking, CE asked hundreds of U.S. law firms with a construction practice to complete a survey. Data collected included 2021 revenues from the firm’s construction practice; number of attorneys in the firm’s construction practice; percentage of the firm’s total revenues derived from its construction practice; number of states in which the firm is licensed to practice; year in which the construction practice was established; and the number of AEC clients served during fiscal year 2021. The ranking was determined by an algorithm that weighted these factors in descending order of importance.
