

## Speaking Engagements

# Christy Hawkins to Speak on Data Risks During The Great Resignation

August 18, 2022

11:30 AM – 1:20 PM EDT

The Houstonian

111 North Post Oak Lane

Houston, TX

Christy Hawkins will speak on a panel titled, “Data Risks in The Great Resignation: Data Subject Access Requests (DSAR), Data Exfiltrations, and the Costs of Compliance,” at the Association for Corporate Counsel’s (ACC) Houston Annual Symposium 2022. It is predicted that over half of U.S. employees already have or plan to leave their jobs this year, which means a tremendous amount of headache, not only for HR and recruiting, but also for privacy department. In addition, when employees leave, they may intentionally or inadvertently expose personal data from your organization, either of customers, suppliers or fellow employees.

The panel will explore:

- How to address employee DSARs;
- how to manage costs through automation;
- and how to prevent data exfiltration or loss when employees leave the organization.
