vCard

Jordan Cohen advises clients on transactions involving healthcare providers and other healthcare-related platforms. Jordan routinely provides legal counsel related to federal and state privacy and data security matters, including compliance with HIPAA's Privacy, Security and Breach Notification Rules, as well as compliance with state breach notification laws. He also provides guidance on a broad range of healthcare regulatory matters, including compliance with fraud and abuse laws including the Anti-Kickback Statute, the Stark Law, as well as state laws related to licensure and the corporate practice of medicine.

In 2022, *Law360* recognized Jordan as a "Rising Star" in healthcare, and *Chambers USA* named Jordan an "Up and Coming" attorney, with clients noting his "authoritative understanding" of healthcare law.
