

Speaking Engagements

Akerman Healthcare Partners to Speak on The Evolving Challenges of Providing Healthcare in a Post-Dobbs America

December 8, 2022
3:00 PM – 4:00 PM ET

Webinar

Akerman healthcare partners Jeremy Burnette, Martin Dix, Noam Fischman, and Betsy Hodge will present on the topic, “The Evolving Challenges of Providing Healthcare in a Post-*Dobbs* America” in an upcoming webinar presented by Thompson Reuters West LegalEdcenter.

This webinar will focus on how stakeholders can assess their risks and strategic decisions moving forward. Discussion topics will include the following:

- Criminal, civil, and administrative considerations for providers;
- Considerations for providers, including pharmacists, hospitals and academic medical centers, physicians and providers, under potentially conflicting federal and state laws and regulations;
- Preserving the privacy of patient information, particularly in states that have restricted reproductive health services; and,
- Litigation risks including the plethora of challenges to reproductive health under state
