David Thompson is a corporate attorney who guides private equity sponsors and public and private company clients in complex business transactions in an array of sectors. He focuses his practice on mergers, acquisitions and dispositions, private equity investments, joint ventures, restructurings, carve outs, and general corporate counseling.

A significant portion of David's practice focuses on the energy and infrastructure sector, including renewables and energy transition, power generation, oil and gas exploration and production, midstream, and industrials.

Notable Work

Renewable Acquisitions: Represented multiple private equity clients on the acquisitions and convertible equity financings of portfolios of utility scale wind and solar generation projects across from NextEra Energy Resources (NYSE: NEE) and NextEra Energy Partners, LP (NYSE: NEP).

Private Equity: Represented private equity client in its preferred and common equity investment in a solar generation company as part of an \$850 million recapitalization.

Private Equity: Represented client in connection with its \$400 million controlling preferred equity and debt investment in an E&P company operating in the Permian basin.

Private Equity: Represented private equity client in its \$210 million minority investment into a software company.

SPAC Transactions: Represented multiple clients in the initial business combination of special purpose acquisition companies across multiple sectors, including solar power generation, clean energy storage, and agricultural technology.
