

## Speaking Engagements

# Elizabeth Hodge to Speak on Best Practices for Healthcare Organizations To Prepare for and Respond to Ransomware Attacks

August 6, 2025

12:00 PM – 1:30 PM CT

Virtual Webinar

Elizabeth Hodge will present at a Health Care Compliance Association (HCCA) webinar, titled, “It’s Not If, But When: Best Practices for Healthcare Organizations To Prepare for and Respond to Ransomware Attacks.”

Elizabeth and her co-presenter will discuss:

- Current ransomware trends, assess their potential impacts on patient care and operations, and implement recommended strategies for protection and mitigation
- Regulatory expectations and enforcement actions related to ransomware in healthcare and prepare to effectively communicate and engage with regulators such as OCR and state agencies following an incident
- The compliance professional’s responsibilities in coordinating with privacy, security, and clinical teams to support an effective and timely incident response
