Akerman will co-host the next Utah Franchise Business Network (FBN) Executive Networking Event. The event will feature networking, education, resources, advocacy, and community engagement. Attendees will discover how to unite teams around wildly important goals (WIGs), identify and act on high-leverage behaviors, and build accountability without micromanagement.

The FBN hosts events to offer industry insights, best practices, and regulatory updates, and provides access to research, legal guidance, and business tools. It advocates for favorable legislation and policies while promoting community involvement and ethical practices.

The cost to attend is \$15.00 per person.
