

Speaking Engagements

Elizabeth Hodge to Speak at The AHLA Winter Institute: The Complexities of AI in Health Care

February 13, 2026

Park MGM Las Vegas
3770 S Las Vegas Boulevard
Las Vegas, NV

Akerman Partner [Elizabeth F. Hodge](#) will co-present at the upcoming AHLA Winter Institute: The Complexities of AI in Health Care, where she will address the rapidly evolving legal landscape of artificial intelligence in healthcare.

Elizabeth will speak on “Drinking from the Data Firehose: Legal Strategies for Deploying AI to Manage RPM, Interoperability, Data Integration, and Patient Engagement Tools in a Fragmented Digital Ecosystem.”

Her panel will explore how AI is transforming remote patient monitoring (RPM), interoperability frameworks, and patient engagement tools, and will address the regulatory, ethical, and operational challenges that legal advisors face. Topics will include:

- Legal and regulatory risks associated with AI-enabled RPM and interoperability tools
- The impact of fragmented digital infrastructure on patient engagement and data sharing, and strategies for managing data-rich environments

West Palm Beach

- Reimbursement models and payment challenges for AI-driven technologies
- Approaches to address bias, privacy, and ethical concerns in AI deployment across provider systems
- Structured strategies for AI-enabled analytics and point-of-care AI

Elizabeth and her co-presenters will share practical insights and strategies for advising clients on AI deployment across diverse platforms, with a focus on risk mitigation, regulatory compliance, and maximizing patient-centered outcomes.

We are proud to support Elizabeth's participation in this important conversation and look forward to her contributions to the future of healthcare law.
