

Speaking Engagements

Thomas Maira, Joseph Brasile, and Naheem Harris to Present on Multifamily PSAs

May 12, 2026

1:00 PM – 2:00 PM ET

Webinar

Thomas Maira, Chair, Real Estate Private Equity (New York), and Real Estate Partners Joseph Brasile and Naheem Harris will present on “Crucial and Advanced Topics in Multifamily Purchase & Sale Agreements,” a BARBRI CLE Webinar.

As multifamily investment and origination volumes continue to grow, poorly structured agreements can derail transactions, shift risk unexpectedly, or lead to loss of deposits, liability, or litigation. This program provides a practical framework for evaluating PSAs from both the buyer’s and seller’s perspective, with an emphasis on clear drafting and strategic negotiation.

The panel will explore market terms, risk allocation, diligence and closing provisions, and the impact of financing considerations on PSA structure. Drawing on real-world transaction experience, our attorneys will discuss how transaction documents work together to enhance deal certainty and deliver better outcomes for clients involved in multifamily acquisitions and dispositions.
