# Akerman U.S. Real Estate Summit Reported by *Bloomberg BusinessWeek*

March 10, 2014

During the fifth annual Akerman U.S. Real Estate Summit, Jeff Berkowitz, President of Berkowitz Development Group, sat with Michael Cohn, Regional President of Lennar Commercial Investors, Paul Travis, Managing Partner of Washington Square Partners, and Ron Wheeler, CEO of The Sembler Company, to discuss emerging trends in today's retail market. He cited transformative projects taking place in Miami, including Brickell City Center, the Design District, and the 1,000-foot-high SkyRise Miami tower, which he believes will form Miami into a world class city over the next five years.

*Bloomberg BusinessWeek* quoted Berkowitz, "Miami is exploding, and is one of the most dynamic cities in the country today. On the luxury side, things are absolutely booming."
