Akerman's Women's Initiative Network is proud to host a private, pre-release screening of *RBG*, the new, critically acclaimed documentary chronicling the exceptional life and career of Supreme Court Justice Ruth Bader Ginsburg. Met with rave reviews at the Sundance Film Festival, *RBG* tells a uniquely American story. From a Russian Jewish immigrant family, Justice Ginsburg blazed a trail from Brooklyn, New York to Harvard and Columbia Law Schools, and went on to build a career that harnessed the power of the law to champion a more equitable society for all.
