The Ticking Time Bomb: Your Non-Healthcare Organization's HIPAA Liability

Presented by Akerman and the Association of Corporate Counsel

May 23, 2018

5:00 PM – 7:30 PM CT

Akerman – Chicago
71 South Wacker Drive
47th Floor
Chicago, IL

Akerman will sponsor an evening CLE program with the Chicago Chapter of the Association of General Counsel titled “The Ticking Time Bomb: Your Non-Healthcare Organization's HIPAA Liability.” The discussion will focus on how non-healthcare organizations may risk significant fines and penalties for violations of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), and its implementing regulations. Non-healthcare organizations that engage in certain activities are often unaware that they are acting as business associates and that they are subject to HIPAA's onerous requirements.

Our panel will be moderated by Carolyn Metnick, and our featured speakers are: Jennifer Baumann, First Vice President, Assistant General Counsel, Alliant Insurance Services, Inc.; Cara Dearman, Lead Privacy Counsel, Sears Holdings; and Robyn Eckerling, Chief Privacy & Security Counsel, Allscripts.
