Top Industry Media Highlight Akerman's U.S. Real Estate Sector Report; Quote Eric Rapkin on Market Trends

June 20, 2018

Combined with rapid technological advances, the U.S. administration's pro growth policies are the top reasons for confidence among commercial real estate executives surveyed in [Akerman's 2018 U.S. Real Estate Sector Report](#). Trusted by leading real estate and business publications as a valuable source of market intelligence, the firm's ninth annual study on commercial real estate outlined the main drivers behind executive optimism, including six top trends on financing and investment sources, asset classes and more. Coverage of the report appeared in *Commercial Property Executive*, *GlobeSt.com*, *Law360* and *Multifamily Executive*, among other leading publications. Real Estate Practice Group Chair [Eric Rapkin](#) also discussed with media how firm findings affect client projects and investments, in addition to outlining plans to expand Akerman's core real estate strengths in markets of rising importance to clients.
