Akerman Hosts Webinar on Navigating Data Privacy When Returning to Work During the COVID-19 Pandemic

May 5, 2020

12:00 PM – 1:00 PM ET

Webinar

Akerman will host a webinar titled, “COVID-19 and the New World of Data Privacy: Key Strategies to Navigate the Pandemic in the Workplace.” Our cross practice team of panelists will discuss the varying degrees of privacy risks that are now a daily part of pandemic work life.

Our panelists will discuss the following issues:

Benefits and Healthcare

- HIPAA privacy and security topics for group health plans sponsored by employers across all industries
- Special privacy, security, and safety considerations for employers’ on-site medical clinics or outsourced COVID test administrators
- Latest trends in return-to-work policies and procedures
- Retirement plan-related insurance coverage best practices that can limit new cybersecurity and cybercrime exposure

Employment

Related People

Beth Alcalde
Christy S. Hawkins
Elizabeth F. Hodge
Robert E. Slavkin

Related Work

Data Privacy and Security
Employee Benefits and Executive Compensation
Healthcare
Labor and Employment

Related Offices

Dallas
Orlando
Tampa
West Palm Beach

- Temperature taking of employees upon reentry into the workplace
- COVID-19 mandatory disclosure policy upon positive test or known exposure
- Policy directive to leave work immediately if COVID-19 symptoms appear
- Upon reentry, what to ask, what not to say, what not to share
- Privacy and security considerations with contact tracing apps and other electronic surveillance tools

Data Privacy and Security

- Privacy by design, including creating a plan to handle issues impacting privacy and cybersecurity and how best to adapt to the circumstances created by COVID-19
- The importance of cybersecurity and privacy training in the age of increased cyber attacks
