Akerman Hosts Webinar on Sales Tax Implications of the Pandemic

August 27, 2020

11:00 AM - 12:15 PM CT

Webinar

Akerman will host the “Indirect Tax Implications of the Pandemic” webinar presented by the Chicago Tax Club. Five months and counting, we are now seeing how state and local tax authorities are responding to the pandemic. From relaxation of nexus standards for remote workers and special exemptions for PPE to broadening the tax base to cover more digital services, we are now seeing remote audits and hearings be the norm. [David Blum](#), Jim Tauber of Andersen Tax, and Diane Yetter of Sales Tax Institute will discuss more on the current state of affairs and predictions for the future, as well as tax savings opportunities you should be investigating for your companies.
