Legal Issues Impacting Our Clients

- Corporate governance, transactions, capital markets, debt and equity issuances:
 - Planning for deal certainty, and evaluating contractual non-compliance and remedies (e.g., force majeure, specific performance, material adverse effect, impracticability, impossibility, frustration of purpose and limitation of liability).
 - Evaluating compliance with credit facilities and other financial instruments, and negotiating any necessary waivers or other changes.
 - Evaluating alternate sources of liquidity.
 - Evaluating regulatory compliance, including SEC and state securities regulators, FINRA and other federal and state agencies.
 - Evaluating annual meeting considerations and disclosure requirements.
 - Proactively engaging with stockholders, lenders, and others in a manner consistent with applicable public disclosure and financial reporting obligations.
 - Addressing business continuity, succession, physical and data security, work-from-home, and other relevant plans.
 - Evaluating appropriate modifications to business interruption, D&O, EPLI, property and casualty, workers' compensation, and other forms of insurance.
 - Advising boards on corporate governance, fiduciary duties, and mitigating risk.
